The best way
to predict the
future is to
invent it

STARTUPS

Supporting today,
building tomorrow

:: Business Coach

Startups can be a lonely place and lack the support of big business.

Designed to support startups on everything from the day-to-day running of a business to your long-term growth, these sessions allow you to have your very own advisor on hand at a cost-effective rate.

6 x 2 hour sessions
£4,500

:: Strategy Builder

Having a clear vision of what you and your business stand for is key to helping you grow beyond a startup.

Designed over two days, this session will help you define your vision, strategy & 12-24 month strategic plan to help you be clear on the future direction of your business and secure the next step in your business growth.

£6,000

:: Presentation Support

Securing your first customers can be difficult & time consuming.

These sessions will help you build a coherent business story as to why businesses should be partnering with yours. The team can also help support you on your pitches and securing those important trials.

£4,500

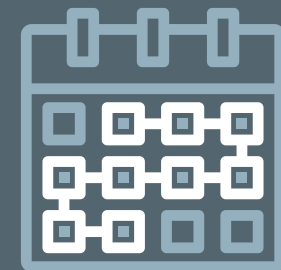

:: Leadership Coaching

For progressive, bright individuals who want to grow their career. Developing new & modern leaders for your business that are equipped to lead teams through change in a collaborative style.

Delivered over 2 hour sessions focussed on 3 specific career objectives brought to life over 4-6 months with homework activities in between sessions.

£4,500 or 3 coachees for £10,000

:: Monthly Retainers

For those businesses that have more bespoke requirements.
